

#8 TUNGSTEN CARBIDE NOZZLE WITH ALUMINUM JACKET 12.5MM BORE

\$561.55

Description

Recognised as the industry standard for general blasting applications alpha-blast tungsten venturi nozzles are extremely durable for use in applications where rough handling is unavoidable, providing maximum resistance to impact or flexing. Alpha-Blast tungsten carbide long venturi nozzles are particularly suitable for use with steel abrasives, expendable slag abrasives and crushed glass. The wide throat entry design increases productivity by up to 15% compared to standard venturi nozzles.
