

## TITAN POWRLINER 3500 72V

\$23,900.00

### Description

The Titan PowrLiner 3500 72V delivers even better lines than our petrol-powered stripers thanks to the new Honda® battery technology that greatly reduces vibration.

Featuring the revolutionary PermaStroke Technology™, which has no piston, packings, cylinders or clutch to replace. It is simple to operate and field serviceable, keeping contractors on the job. **Key Features**

- Innovative pivoting and lifting SmartArm™ Gun Mount makes line adjustments and transportation a breeze
- Infinitely adjustable DeadLock Handlebars provide a custom and comfortable hand position for any contractor
- Convenient PowrCenter™ Dashboard features pressure control knob, tip tray, and cup holder
- Two-gun stiper recommended for medium to large projects
- Ability to swap petrol engine PowrLiner 3500 to an eGX on the same frame
- Less than one hour recharge time on lithium-ion battery

**UNBEATABLE PERFORMANCE** • Equipped with a Honda eGX Brushless DC motor designed to closely meet the performance output of a conventional GX120 gas engine • Delivers consistent pressure and zero hour glassing for an ideal spray pattern • Easy priming guaranteed every time through the Sureflo™ Pusher valve • Provides ideal fan patterns at pressures from 300 to 3300 psi, including small and large spray tip sizes • Ultra smooth operation and consistency guaranteed with FlatLine Pulsation Dampener™ **UNMATCHED DURABILITY AND RELIABILITY** • Offers peace of mind with PermaStroke Technology, no pistons, packings, or cylinders to wear out and no clutch to replace • Quickly field serviceable, change out the cartridge-style inlet and outlet valves in less than 5 minutes with common tools

### Specifications:

Max Delivery: 2.8 l/min

Max Tip Size (1 Gun): 0.027"

Max Operating Pressure: 3300 PSI

Weight (with battery): 91kg

Weight (without battery): 84kg

Power: Honda eGX 72V Motor
