

TITAN HYDRA X 4540

$24,700.01

Description

The new Hydra X roofing and protective coatings sprayer combines the power and pressure needed to spray the toughest coatings. Built to last with HydraStroke® Technology and Severe Service™ fluid section which maximize durability. Additional, new key features like the new AutoLift™ system and quick change fluid sections make jobsite life easier and more productive.

- HydraStroke Technology delivers unmatched durability and performance powered by electronically controlled hydraulics
- Versatility to spray heavy and light bodied coatings without burning out clutches
- Hydraulic motor is optimized with one moving part, reducing heat and extending life
- Severe Service Fluid Sections 5" slow stroking piston maximizes power and extends pump life
- Built using a Tri-chrome process to create the industries most durable fluid section that is resistant to corrosion and abrasion caused by aggressive coatings
- New patent pending quick removal fluid section allows one person to service on the jobsite with ease
- Effortless drum changes with the electric AutoLift system that raises and lowers the fluid section with the touch of a button
- Modular design allowing for two different performances out of one sprayer. by simply switching out the fluid section
- Large 12" pneumatic tires make it easy to move around job site
- Extremely efficient cooling system with two fans to maximize air flow over hydraulic system
- Large 22.7 litre fluid reservoir
- Spray with up to 6 guns

Specifications:

Max. Flow Rate: 15.1 L/m

Max. Operating Pressure: 4500 psi

Max. Tip Size (1 Gun): 0.067"

Max. Tip Size (2 Guns): 0.043"

Max. Tip Size (3 Guns): 0.035"

Max. Tip Size (4 Guns): 0.031"

Max. Tip Size (5 Guns): 0.029"

Engine: Honda GX390
