

RAV 125 OUTLET VALVE - MANIFOLD

\$324.50

Description

RAV 125 Outlet Valve & Manifold is a remote control valve that is designed for its simple springless design ensuring continuous reliable service for thousands of cycles. The removable end caps provide quick and simple access to the valve interior. The exhaust air noise is reduced by the silencer to the top cover and is used in conjunction with the RAV125 Inlet Valve.
